Mr. Marcy stated that if the purpose were to find out more about what Senator Fulbright had in mind he doubted the meeting would be useful. However, if we wished to discuss his ideas and brief him, then that was a different matter.

7. Mr. Kirkpatrick stated that the Director mentioned seeing Representative Frank M. Coffin (D., Maine) at a social affair and Mr. Kirkpatrick suggested that I might drop by and see the Representative at some time.

8. [] SR. telephoned to advise that [] intended to see Representative Leslie C. Arends who was a personal friend of his in connection with [] before a congressional committee as well as on the private bill. [] also stated that [] proposed to lunch with Representative Gerald R. Ford, Jr. [] was advised that Representative Arends to my knowledge was not concerned [] and probable there was confusion between the Representative and Richard Arens who is Counsel for HCUA. It was suggested that [] be advised of the facts. In connection with the proposed Ford luncheon, I indicated that this should be held off since the Agency should determine the degree of briefing of Mr. Ford including CIA interest in the matter in view of Ford's membership on the CIA Subcommittee of House Appropriations.

9. [] telephoned stating the Director had queried him about the newspaper item stating that Senator Lyndon B. Johnson planned to call Mr. Allan Dulles of CIA some time this week. This matter was checked with Ken Belieu who advised that as of now we were still set for ten o'clock on 17 March. However, Mr. Belieu inquired if we had any flexibility either in the time on the 16th or on the 18th and would we furnish him the necessary information. Mr. Belieu's office was later advised that if we were asked it is possible we could make it on either the 16th or 18th but we were not committing ourselves to holding three days open. [] was advised of the above.

10. [] telephoned to inquire if we could make arrangements for [] to review the [] testimony of her appearance before Senate Foreign Relations. Previously Mr. Marcy had offered to make the necessary arrangements.
